

CareFlow AI

Terms & Conditions

1. Acceptance of Terms

By accessing or using CareFlow AI, you agree to these Terms and Conditions. If you do not agree, discontinue use.

2. Purpose

CareFlow AI analyzes symptoms, recommends healthcare facilities, and provides estimated waiting times and hospital information. It supports—not replaces—professional healthcare decisions.

3. No Medical Diagnosis

CareFlow AI does not provide diagnoses, prescriptions, or treatment plans. Always consult licensed healthcare professionals.

4. Emergency Situations

For emergencies such as chest pain, severe bleeding, difficulty breathing, seizures, or stroke symptoms, contact emergency services or visit the nearest emergency facility immediately.

5. User Responsibilities

Provide accurate information, protect your account, use the app lawfully, and avoid submitting misleading information.

6. Privacy

Personal and medical information is handled confidentially and used only to provide and improve CareFlow AI services.

7. Hospital Information

Displayed information such as bed availability, departments, services, and waiting times may change and may not always reflect real-time conditions.

8. AI Recommendations

Recommendations are based on symptoms, specialization, distance, bed availability, congestion, waiting time, and predicted demand. They are decision-support information only.

9. User Accounts

Users are responsible for safeguarding their credentials and reporting unauthorized access.

10. Limitation of Liability

CareFlow AI is not liable for medical outcomes, delays, outdated hospital data, or service interruptions.

11. Intellectual Property

All software, branding, interfaces, algorithms, and documentation belong to CareFlow AI.

12. Service Availability

Services may be temporarily unavailable during maintenance or updates.

13. Modifications

These Terms may be updated periodically. Continued use indicates acceptance.

14. Governing Law

These Terms are governed by the laws of the Republic of Ghana.

15. Contact

Support is available through the app's Help & Support section or the official support email.

Consent Statement

By selecting 'I Agree', you acknowledge that CareFlow AI provides healthcare recommendations rather than medical diagnoses, consent to the processing of your information for service delivery, and agree to use the application responsibly.
